

MORGAN

Hey everyone! My name is Morgan Thobe and I'm your Vice President. First a little bit about myself. I'm a half day student at Tolles Career and Technical Center and Jonathan Alder. At Tolles I'm in the Sports and Fitness program and I'm planning on being a Physical Therapist. I play softball and am really involved in my church's youth group. When I'm free I'm always hanging out with my friends, going to movies, shopping or just chilling. Oh and I work at the Columbus Zoo in the Food and Beverage Dept., so if you ever go to the zoo you should come visit me in the food court by the gorillas! I have to say I absolutely love being a part of HO5A. It's teaching me a lot of leadership skills and I've met so many new people throughout it. Going to California this summer was incredible, especially getting to meet people from all over the USA. Coming up in September, myself and the other officers are going to D.C. for a leadership conference so hopefully we can bring back some great ideas for you all and make this year the best yet!
